MHYCO LORENCE A. SUELLO

Full-Stack Web & Mobile Developer | Systems Analyst | IT Support

Parañaque City, Metro Manila | 0961 674 9147 | mhycosuello@gmail.com | portfolio-suello.vercel.app

OBJECTIVE

Results-driven 4th-year BSIT student at National University – Mall of Asia specializing in full-stack web development (MERN Stack) and cross-platform mobile app engineering. Seeking an IT Internship (OJT) position to apply systems analysis, REST API integration, and automated application testing capabilities within dynamic enterprise software development teams.

EDUCATION

2023 – Present | NATIONAL UNIVERSITY – MALL OF ASIA CAMPUS

Degree: Bachelor of Science in Information Technology (Web & Mobile Specialization)

Awards: Consistent Dean's Lister (First Year through Fourth Year)

Capstone Project: FLEETX — Smart Car Rental & Fleet Management System with Real-Time GPS Tracking

2017 – 2023 | PARAÑAQUE NATIONAL HIGH SCHOOL – MAIN

Diploma: Senior High School Diploma & Junior High School Diploma

Awards: Graduated With Honors (Senior High School)

WORK & PROJECT EXPERIENCE

FLEETX — Smart Car Rental & Fleet Management System | Lead Systems Analyst & Developer

- **Architected and engineered** a multi-tier web and mobile rental application using React.js, React Native (Expo), Node.js, Express, and MongoDB for 20+ commercial fleet vehicles, securing a 5.80 / 6.00 Usability Rating during User Acceptance Testing (UAT) with 69 evaluators.
- **Integrated** client-server REST APIs, MongoDB spatial indices, and Cloudinary media upload pipelines with live Google Maps telemetry, achieving real-time GPS tracking accuracy and seamless document validation for customer verification.
- **Executed** end-to-end systems analysis, functional decomposition diagrams (FDD), and formal IEEE documentation across 5 user roles (Guest, Customer, Staff, Admin, Tech Admin), ensuring zero critical bugs during formal capstone deployment on Render.

Healthcare Clinic Management System | Systems Analyst & Full-Stack Developer

- **Developed** a centralized MERN stack web portal for medical appointment scheduling, electronic health records (EHR), and patient intake workflows, eliminating scheduling conflicts through automated validation algorithms.
- **Implemented** JWT-based Role-Based Access Control (RBAC) and secure RESTful backend endpoints in Node.js/Express, guaranteeing 100% data privacy compliance across doctor and administrative staff roles.
- **Authored and executed** comprehensive functional, unit, and regression test suites, identifying and resolving system bottlenecks prior to laboratory deployment.

Healthcare Clinic Mobile Prototype | Mobile Application Developer

- **Designed and prototyped** a cross-platform mobile patient registration and booking application using Flutter and Dart, improving mobile UI/UX navigation efficiency based on user feedback.

- **Constructed** dynamic state management flows for real-time appointment rescheduling, cancellations, and profile management screens, ensuring seamless cross-device layout responsiveness.

SKILLS

Technical Skills (Hard Skills):

• Full-Stack Web & Mobile: React.js, React Native (Expo), Flutter/Dart, JavaScript, Node.js, Express.js, MongoDB, REST APIs, Tailwind CSS, HTML/CSS, Java, Python, Spring Boot

• Systems Analysis & QA: Requirements Mapping, Workflow Analysis, Functional & Regression Testing, Test Case Writing, Bug Tracking, IEEE Documentation

• Tools & Deployment: Git/GitHub, Postman, VS Code, Android Studio, Vercel, Render, Cloudinary, Figma

• IT Infrastructure & Labs: Virtual Machine Setup, OPNsense Firewalls, Windows Server, Active Directory (GPO), Cisco Packet Tracer (LAN/WAN, TCP/IP, DNS, DHCP), Hardware Troubleshooting

Soft Skills:

Problem-Solving, Technical Communication, Analytical Thinking, Team Collaboration, Adaptability, Time Management, Work Ethic

EXTRA-CURRICULAR ACTIVITIES & COMMUNITY INVOLVEMENT

- **Active Member — JPCS NU MOA Chapter:** Participated in campus tech seminars, peer workshops, and IT student development programs.
- **Community Volunteer — NU MOA COMEX / DSWD:** Assisted in community relief repacking operations and led media/technical documentation for a digital-footprint awareness campaign in Pasay City.

COURSES, CERTIFICATIONS & SEMINARS

- **Cisco Networking Academy (June 2025):** Introduction to Packet Tracer, Getting Started with Packet Tracer, Exploring Networking, and Exploring IoT.
- **Simplilearn SkillUp (April 2025):** Certificate of Completion in Introduction to Computer Networking.
- **KadaKareer & Packetworx (April 2026):** IoT & LoRaWAN Workshop Series — Certificate of Participation.
- **16th PALSCON National Conference & 1st Philippine HR Expo (September 2026):** Parallel Learning Track Participant.
